The future of store digitalization

Immersive
and Engaging

Curated and
stocked

Convenient
and
frictionless

Timely and
insightful
service

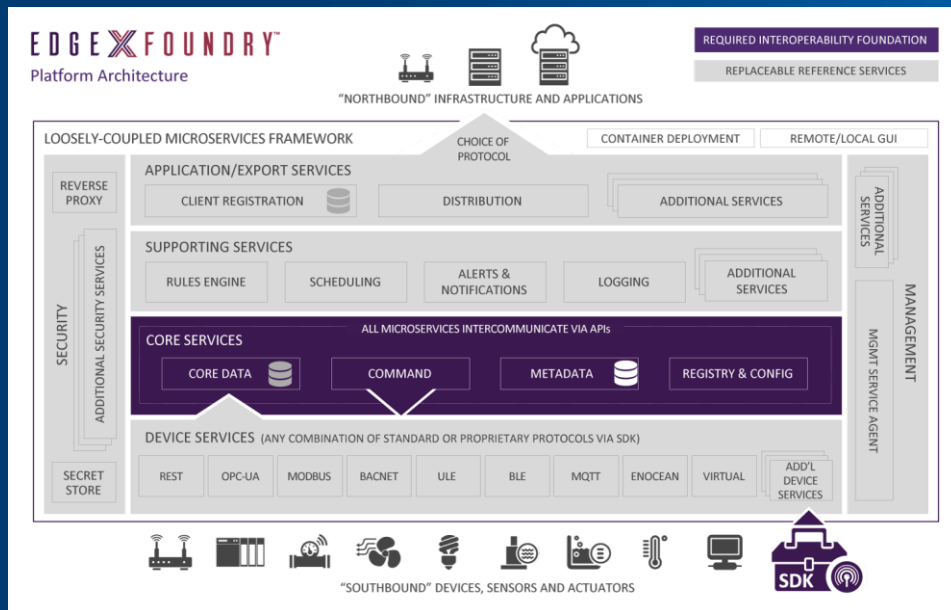

Pillars of experiential retail

Focuses of Open Retail Initiative with Edge-X

Challenge	Focus
Integration	Middleware
Simplification	Future Ready Compute
Innovation	AI Ready

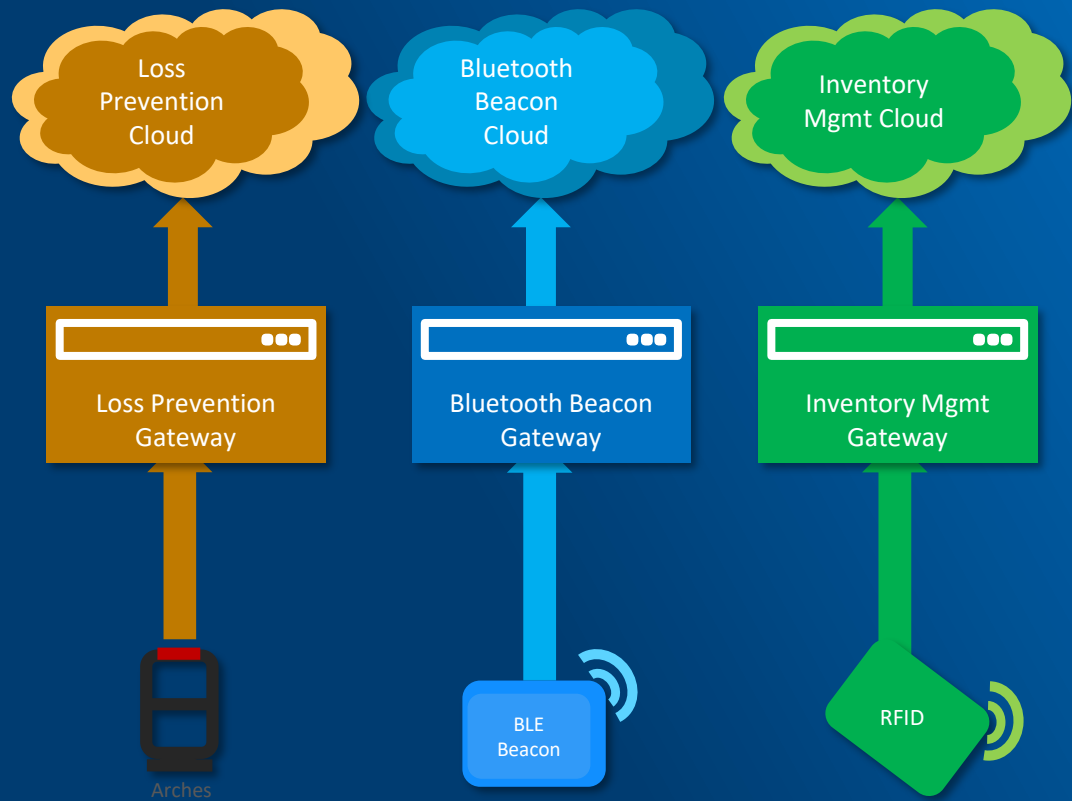

The framework for our work is focused on three challenges that focus on specific components of technology.

Why EdgeX Foundry

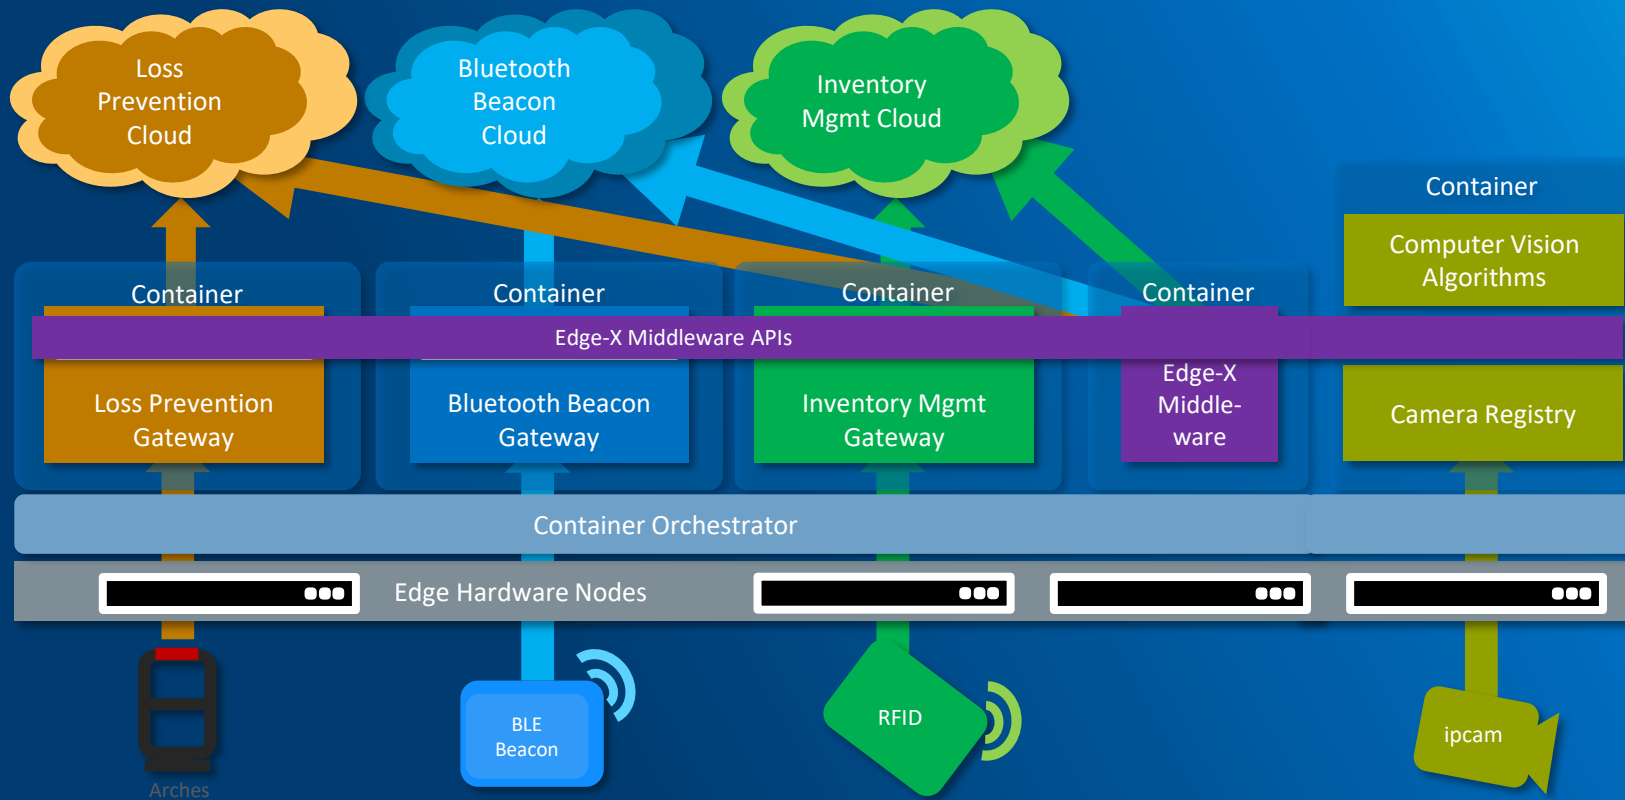

- Truly open, full transparency
- Long-term durability to address scale and growth needs
- EdgeX Foundry momentum continues for IoT interoperability across multiple industries
- Linux Foundation mindshare and infrastructure – largest and most pervasive open source software project
- Marathon vs. Short Sprint – learn, leverage and lead

The Store Room

Integrate, Simplify and Innovate

Smart digital Signage

Edge Server

Self-service Kiosk

Edge Server

Interactive POS

Edge Server

Open Retail Initiative with Edge-X

A SECURE MODERN ARCHITECTURE FOR AI and ALL
NEW COOL THINGS

Edge Server

DIGITAL STORE

Edge Server

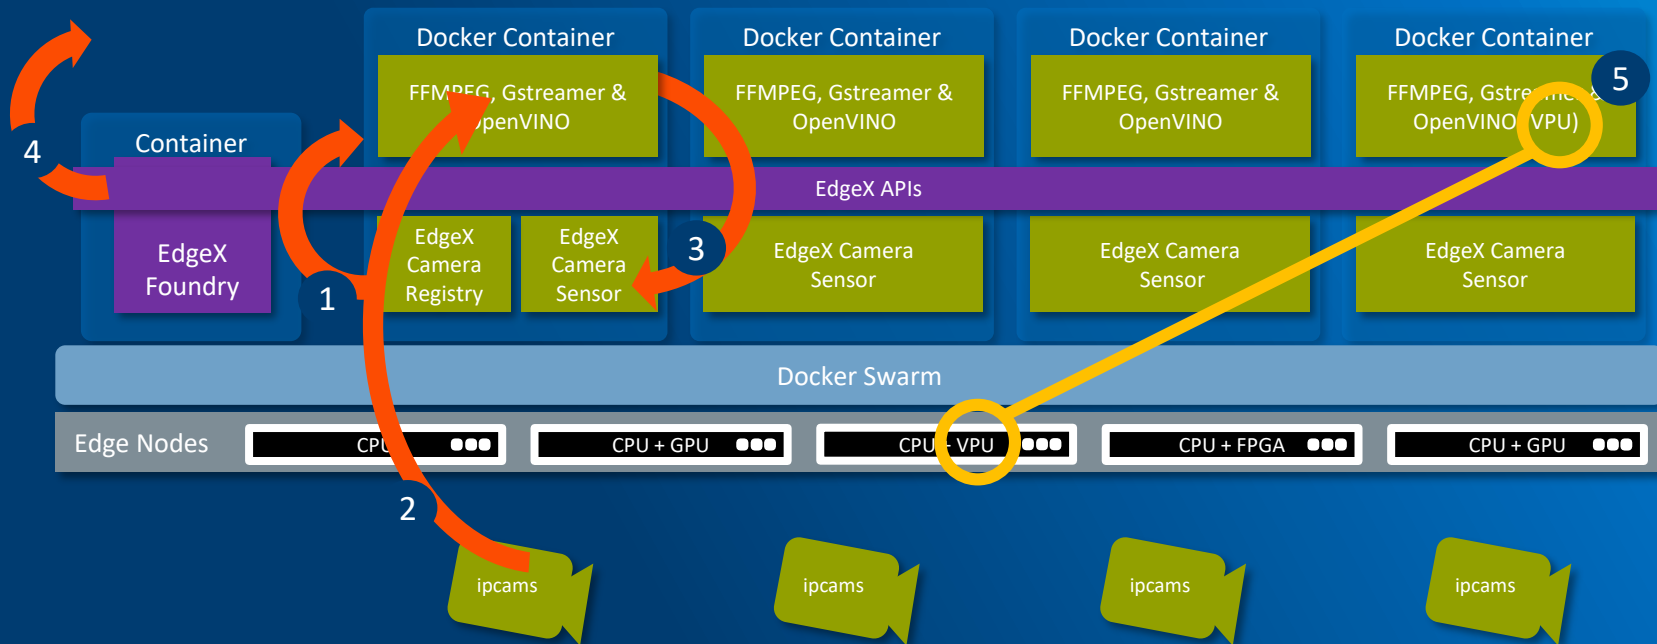

AUTONOMOUS Store

IOT

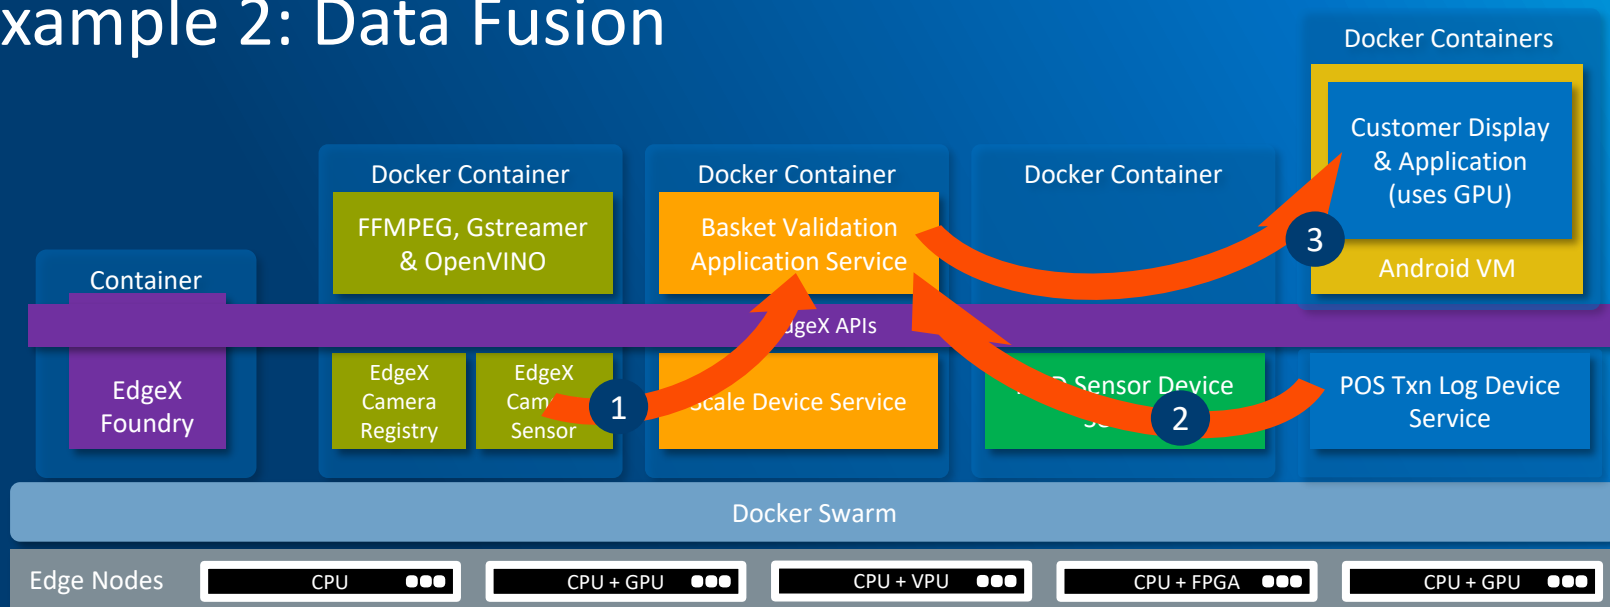

Example 1: Computer Vision

- 1 Gstreamer pipelines are spun up based on camera tags
- 2 IP cameras stream data to Gstreamer pipelines
- 3 Inference events are published to EdgeX
- 4 EdgeX makes inference available for apps and export
- 5 Containers utilize accelerators when available

Example 2: Data Fusion

- 1 Cameras are used as virtual sensors in the experience
- 2 Sensors such as scales and scanners feed the basket validation algorithms
- 3 Data from separate sources, separate vendors, are utilized to guide the customer experience

EdgeX roadmap

Oct
2019

Fuji

Distribution support / east-west support, more management capability

Jun
2019

Edinbur

Support binary data, certification program, improved and more scalable northbound connectors / application services, additional southbound connectors to common protocols and devices

Oct
2018

Delhi

First manageability capabilities, Go / C device service SDKs & sample devices services, EdgeX UI

JUN
2018

Californi

First integration of security, Java to Go code base, run in <256MB RAM, come up in < 10 sec

Oct
2017

Barcelo

Improved fit and finish, formalized Core Service APIs, additional Device and Export Services, test apparatus

OEMs / ODMs

- Innovation use cases drive demand for Premium
- **Easily scale up to Premium**
- Scale into brownfield and greenfield opportunities

ISVs and SIs

- Modularized
- Simplified
- Able to easily sell additional capabilities
- **Focus more on value add and less on commodity components**

RETAILERS

- Efficient
- Future ready
- Simplification across full enterprise
- **Modular and nimble**
- **Flexible**
- **Speed of deployment**

Open Retail Initiative with EDGEX

CREATE **VALUE** FOR **ECO-SYSTEM**

EdgeX Community members

Choose Your Participation

Commit to the initiative

- Join and follow the progress
- Promote to your networks

Collaborate on the Commerce Project

- Attend Commerce Project meetings
- Collaborate on project deliverables
- Promote to your networks

1. Code for the greater good
2. Use cases, components (and code)

Contribute to EdgeX Foundry

- Become an EdgeX Foundry member and vote to shape standards
- On behalf of your company, contribute code and/or developer resources
- Promote to your networks

1. Code for the greater good
2. Use cases, components (and code)
3. Influence industry standards aligned to EdgeX

CALL FOR ACTION

1. Sign up for a free Linux Foundation account
 - a. Create an account at: <https://identity.linuxfoundation.org/>
2. Subscribe to the Commerce Project calendar meetings
 - a. Browse to: <https://wiki.edgexfoundry.org/display/FA/EdgeX+TSC+Group+Calendar>
 - b. Under the “Subscriptions” header, click on the “elipses”(…) that appears when you hover over the purple item labelled “EdgeX-TSC-Vertic...”
 - c. Choose “Subscribe” or “Export to iCalendar” depending on your preferred method of adding appointments to your calendar
3. Subscribe to the Commerce Project mailing list
 - a. Enroll at: <https://lists.edgexfoundry.org/g/EdgeX-TSC-Vertical-Solutions/>
 - b. Click on “+ Join this group”
